Recruitment Pack
2024

About Us

We're one of 47 Wildlife Trusts spread across the UK, the Isle of Man and Alderney.

The Wildlife Trust for Lancashire, Manchester and North Merseyside (LWT) was founded in 1962 by people who knew they needed to take action for nature.

Since then we have grown to be the largest nature conservation body in the area. We are uniquely positioned to lead change in our region, working at a grass roots, local level, whilst also being part of a strong cohesive national movement.

We work to protect wild spaces, and re-introduce key species and habitats, protecting the biodiversity of our area so that nature can recover.

We work in partnership with other organisations, community groups, landowners and key decision-makers to inspire them to work with and for nature.

At LWT we believe that:

- Wildlife has intrinsic value, bringing colour, beauty and wonder to all our lives.
- The natural environment is under immense and growing threat, where we live and across the World.
- We are part of the natural world, and wildlife is relevant to every part of our lives; everything we do has an impact on it, and the natural environment affects our health, our wealth and our state of mind.
- Everyone can make a positive contribution to wildlife and can benefit from it.

Our mission is to:

- Enable wildlife's recovery in our area by working in partnership with others to conserve, restore, create and connect habitats and to increase species abundance; and
- Connect people with nature and help them to take action for wildlife, wherever they are.

Our vision

is that nature is recovering on a grand scale across Lancashire, Manchester and North Merseyside, and in our sea, and that everyone is able to enjoy our increasingly abundant wildlife.

Strategic Goals & Ambition by 2030

1. Nature is in recovery with abundant, diverse wildlife and natural processes creating wilder land and seascapes where people and nature thrive
30% of land and sea is in recovery
2. People are better connected to nature in their lives and more are taking purposeful action for wildlife
1 in 4 people are taking action for nature
3. We have the financial and human resources, systems and skills that we need to improve our impact for nature's recovery
LWT will be bigger, better and more joined up

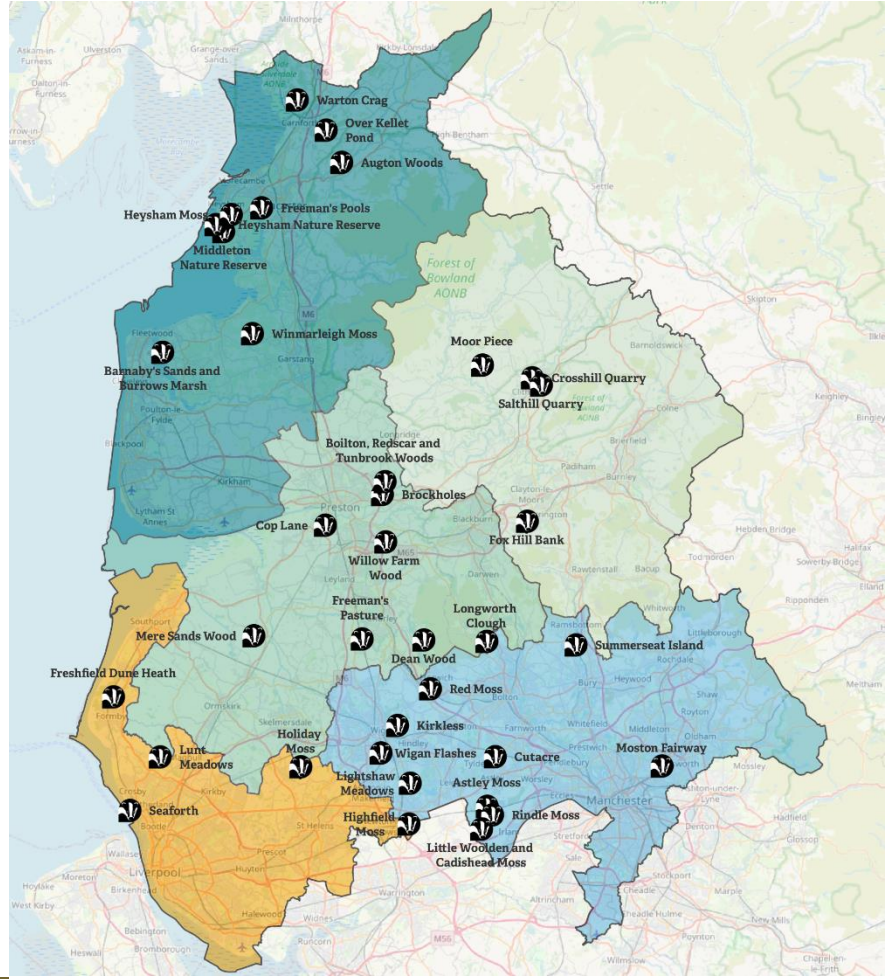

Our Reserves

We have saved many special places, acquiring and managing many of them as nature reserves—we look after 50 sites (including 42 of our own nature reserves), and a total of around 1,300 hectares of habitat, creating a network where people and wildlife can thrive, on your doorstep.

We believe that limited mobility shouldn't mean missing out on wildlife. Many of our reserves have accessible paths and boardwalks, disabled facilities and accessible bird hides, so you can fully immerse yourself in the great outdoors and discover the wonderful wildlife that lives on your doorstep.

We also have 6 offices based across Greater Manchester, North Merseyside, West Lancashire, East Lancashire and North Lancashire. Our Head Office is based on the outskirts of Preston.

Our **core conservation** work includes land management, advocacy for the natural world with key decision-makers, species re-introduction, protecting threatened species, restoring threatened peatlands and collecting essential scientific data. We do this on land and at sea to secure a brighter future for both wildlife and wild places across our region.

Wildlife has a magical power to connect people from all walks of life and give local communities a sense of ownership. We are dedicated to opening up the natural world to absolutely everyone, improving peoples' health and wellbeing and helping locals forge new connections through a number of fantastic **community projects**. We work all over our area with schools, colleges and community groups, running inspiring sessions covering everything from Forest School and orienteering to Wild Family and Nature Tots sessions. We also work in schools, delivering **environmental education** and helping improve school grounds. Our education team are leaders within the Wildlife Trust movement.

We are also leaders in delivering natural wellbeing. We believe that wildlife and nature have the power to instil confidence, heal the mind and help people meet their potential, which is why we champion a number of **ecotherapy-based projects** for both children and adults and the positive impacts to date have been phenomenal.

Inspire people to take action for their local wildlife

We will inspire people to enjoy and protect the wildlife and wild spaces on their doorstep. We will help people learn how to live more sustainably, and demonstrate the benefits of nature to their health and wellbeing. We will engage people of all ages, from all communities to take action for wildlife and we will foster the environmental leaders of the future.

Base our work on sound **evidence**

We will use evidence from sound science and research to further ecological understanding and demonstrate the needs, benefits and outcomes of nature conservation. We will use this evidence to focus our efforts on the areas most in need of protecting and champion those species that need a helping hand.
